(copy) [O' on C.D. File] - 1-  
(Commerce Department)

It has been decided, with the concurrence of the Finance Department, to send an Indian Trade Delegation to the Middle East. It will consist of the following:-

Mr. M. A. H. Isphani of Messrs. Isphani & Co., Calcutta.	Leader
Mr. Haridas Laljee, Honorary Secretary Buyers & Shipping Chamber, Karachi.	Member.
Mr. Haji Dawood Bhezy Habib, of Messrs. H. & Sons, Bombay.	Member.
Mr. Chinnobhai C. Javeri, Honorary Secretary, All-India Exporters Association, Bombay	Member
Mr. Ebrahim Yousuf Zainal Alireza of Bombay.	Advisor.

Mr. M. Ayub, M.B.E., I.C.S., will act as Secretary to the Delegation and will probably be accompanied by three members of the Office staff.

2. The delegation will visit the following countries:-  
Iran, Iraq, Turkey, Syria, Lebanon, Egypt, Sudan, and Hedjaz.

It is possible that Palestine and Transjordan might also be paid a short visit by one or two members of the Delegation during their stay in Syria.

3. The purpose of the Delegation will be to make a brief survey of trade in the Middle East countries with special reference to their trade with India, particularly their potentialities as markets, for Indian goods and manufactures, and to suggest ways and means for the rehabilitation and development of Indian trade with those countries.

4. The delegation hopes to leave Karachi on the 9th March by air, reaching Basra the same evening. Thereafter their halts, exclusive of the travelling period, will be as follows:-

Basra	..	2 days.
Baghdad	..	4 days.
Tonran	..	5 days.
Damascus	..	3 days.
Beirut	..	3 days.

Ankara	..	4 days.
Ismir	..	1 day.
Istanbul	..	5 days.
Cairo and		
Alexandria	..	14 days.
Hedjaz/Sudan		4 days.

5. The External Affairs Department may see for information .  
That Department will be doubt wish to communicate the programme of the Delegation to the British Embassies and Legations stationed in the countries to be visited. The Government=s of those countries have already been approached through the Indian Trade Commissioners at Alexandria and Tehran for co-operation in the work of the Delegation, and their reactions are reported to be favourable.

6. E.A. Department may also be requested to inform the Consulates in India of the countries to be visited, about the proposed visit of the Indian Trade Delegation to the Middle East.

Sd/- Banerji.

~~External Affairs Department u.p.R.~~  
~~D.O.No.98-Adm./C/47.dt.22-2-47-~~

(E.A. Department)

2-22-ME/47.

We may inform the British Embassies and Legations concerned.  
Draft telegram put up.

2. There seems no point in addressing the foreign consulates as desired by Commerce Department in para.6 of their note above, and we need not address them.

Ltd. Al. Ltd. M. S.  
25/2/47 25/2/47.

1) Mr. Banerjee informs me that the Indian Trade Commissioner in Tehran is accredited to Persia only; the Indian Trade Commissioner in Alexandria is accredited to all the countries mentioned in para 2 of the note on prepage except Iran.

I am told that the Governments of all the countries concerned accepted these appointments.

2) Mr. Banerjee says that the Governments concerned have already been approached informally by these Trade Commissioners and, except Iraq whose reply has not yet been received, have signified to the Trade Commissioners their informal approval of the arrangements.

Commerce Department apparently now wishes this Department to obtain official approval of the countries concerned to the visit of the Delegation though this was not made clear in para 6 of Mr. Banerjee's note, above.

Sd/- R.E.R. Bird  
26/2/47. P.T.O.

J.S.(X).

It would have been more appropriate for this Deptt. to have been consulted at an earlier stage regarding the proposal to send a Trade Delegation to the Middle East. Moreover the initial approach to a foreign government regarding the reception of any delegation should be through diplomatic channels rather than through the Trade Commissioner. Since, however, soundings have apparently already been taken of the Govts. concerned and plans have been completed, we had better address the Diplomatic Missions in the countries to be visited as in the draft below.

Sd/-C.B. Duke.  
26-2-47.

While it may be reasonable to lump Cairo, Alexandria together as a 14-day commitment in a programme of this sort, but not "Hejaz" & Sudan which are large territories on opposite sides of the Red Sea. Possibly this delegation may be splitting by that time but if so why not say so.

Also Ibn Saud will not give carte blanche to visit Hejaz. I presume the delegation will go to Jedda. If so why not say so. Please get this cleared up with Commerce Department.

2. I entirely agree with Mr. Duke's comments on the method of approach & Commerce Department's attention should be drawn to them. I am surprised to hear that the Alexandria Trade Commission is "accredited" to all these countries except Persia & should also glad to see this formally confirmed by Commerce Department.

3. When the file comes back it should be resubmitted for H.M.'s information.

Sd/-H. Weightman.  
27/2/47.

Pass to Commerce Department with reference to Foreign Secretary's note.

Sd/-R.E.R. Bird.  
27/2/47

*C.B.*

*24.3.47 A.S. 791. HE (4), 28.2.47*

Commerce Department.

The Delegation would split up at Cairo before going to Hedjaz. Only Jeddah and Mecca would be visited in Hedjaz. We should be glad if the telegram would issue with such modifications as may be necessary in the light of the information given in this note. As regards the countries mentioned in para. 2 of Mr. Weightman's note all of them with the exception of Persia are included in the jurisdiction of the Trade Commissioner at Alexandria.

Sd/-Y.N. Sukthankar,  
Additional Secretary.  
28/2/47.

E.A. Department (H. Weightman)  
u.o.no. 100-Addl. Secy/47.

H.M. should now see these notes and the draft.

Sd/-H. Weightman,  
28/2/47.

H.M.

I agree with Mr. Weightman's and Mr. Duke's notes above. Any approach in regard to a trade or any other delegation going abroad should be made through Diplomatic Channels. Any other method might well lead to complications and possibly to difficulties of various kinds. Our delegations abroad should not overlap or work independently of each other or of the general foreign policy of this Govt. Hence it is necessary that E.A. Department should keep in constant touch with all such proposals from their very inception.

The draft telegram might issue. The Commerce Dept's attention might, however, be drawn again to the procedure suggested above and they should be requested to keep External Affairs Department informed of all developments in connection with this Delegation's tour.

Sd/-J. Nehru.

Commerce Dept's file regarding the Trade  
delegation and the extract below of today's  
Statesman

INDIA-PERSIA PASSPORT  
DIFFICULTIES

KARACHI, Mar 2.—The members of the Indian delegation to the Middle East countries today met the leading members of the Indian mercantile community in Karachi who pointed out to them their difficulties regarding passport and exchange in Persia and other places.

Mr. Jeshtaram Bhawanji, Vice-Chairman of the Buyers and Shippers Chamber, suggested to the delegation the appointment of trade commissioners of the Middle East countries in India which would enable merchants in this country to obtain full information about trade in those countries.

Mr. Ispahani, leader of the delegation, said that they would do their best to improve trade relation between India and the Middle East countries.

He referred to the present conditions which did not permit free trade between one country and another but hoped that normal conditions would return very soon, and with it the free trade conditions. He assured the members that they would do their best for the removal of the exchange and other difficulties mentioned and said that on their return they would submit a report of their work which would contain full data for the improvement of trade and friendly relations with the Middle East countries.

The delegation will leave for Basrah tomorrow.—A.P.

An Indian Trade Delegation consisting of Mr. Ispahani of Calcutta and 4 members (two Hindus and two Muslims) arrived in Tehran on 20th March. The Embassy and the Indian Trade Commissioner, Major Hasan, did their best to persuade the Delegation to come either a week earlier or a week later, as the Persian New Year holidays began on 21st March, and every one including <sup>the</sup> Prime Minister, was likely to be out of town for at least a week; but they insisted on coming just then.

2. The Delegation did not seem to be seriously interested in Indo-Persian trade <sup>methods</sup> ~~methods~~. Under the guidance of the I.G.T.C they went through the <sup>motions</sup> ~~motion~~ of discussing commercial questions with leading officials and merchants both at Tehran and at <sup>Isfahan</sup> ~~Ispahan~~. But they seemed to carry no authority to initiate negotiations or commit the Govt. of India in any way, and they disappointed the Persians very much by being unable to promise redress of any of their grievances (e.g. alleged discrimination against Persia in the matter of price ceilings of cotton piecegoods exported from India to Persia). But Mr. Ispahani had with him a Private Secretary, Mian Jamaluddin, who is a Joint Secretary of the Muslim League in U.P. and it soon became obvious that they, if not <sup>the</sup> other members, have come on a political mission on behalf of <sup>the</sup> Muslim League.

A few days after the Delegation arrived one of the Prime Minister's most trusted assistants, Nikpay, came to the Ambassador with a request from the Qawam for information as to the political situation in India and advice as to the line he should take with <sup>Mr.</sup> Ispahani who was asking for an interview. The Ambassador sent for me and asked to give Mr. Nikpay a brief account of the events which had led up to HMG's announcement of February 20th last. I spent an hour trying to summarise <sup>the</sup> ~~the~~ political developments since the Cripps Mission, keeping strictly to facts and giving no opinions or forecasts. The Ambassador explained to Nikpay ~~x~~ that he could not possibly give the Prime Minister any advice one way or the other. ~~On the 22nd~~ He must think things out for himself. I gave Nikpay a copy of the announcement of February 20th and

a large map of India with the Provinces claimed by Pakistan marked on it.

4. Messrs Ispahani and Jamaluddin duly went to Lahijan and had two hours with the Prime Minister. Afterwards I was assured by the *Chief de Protocol, M. Samir*, one of the brighter lights at the Ministry of Foreign Affairs, that a decision on the question of receiving an Indian Mission had been deferred. It may be inferred that Ispahani's mission was not without effect though he himself told me that he had been unable to get anything whatever out of the P.M. whom he described as cagey and unresponsive to a degree.

*Chine*  
(Sir ~~Chine~~)  
6. 6. 1947.

- ① We have made no overture to Tehran.
- ② F.S. told the Hilmat mission that they might as well wait & do nothing, & that, if any overture was made to them from the Indian Govt., it would represent the decision of the whole Govt.

(Repeated Secretary of State for India, London)

Government of India desire to send Trade Delegation to Middle Eastern countries to survey their possibilities as markets for Indian goods and to suggest means for development of Indian trade with those countries. Delegation will consist of following five representatives of leading firms trading to Middle East:

M.A.H. Isphani,  
Haridas Laljee,  
Haji Dewood Bhoj Habib  
Chincoobhai C Javeri and  
Ebrahim Yousuf Zainel Alireza,

with an official, M. Ayub, I.C.S. as Secretary.

2. Delegation would like to leave Karachi on March 9th by air for Basra and make a tour as follows exclusive of travelling times:

Basra	2 days.
Baghdad	4 "
Tehran	8 "
Damascus	3 "
Beirut	3 "
Ankara	4 "
Izmir	1 day
Istanbul	5 days
Cairo and Alexandria	14 days.

The Delegation would then divide, one half visiting Jedda and Mecca and the other the Sudan, each taking 4 days.

3. Government of India would be grateful if you would kindly approach Government to which you are accredited, if you see no objection, for formal agreement to receive Delegation.

It is understood that soundings already taken informally indicate acquiescence of Governments concerned.
